

The Garden of Sculptures

BLOOM 2016 SILVER GILT MEDAL WINNERS

Garden Designed by: Ingrid Swan MGLDA
in collaboration with
Ruth Liddle of GardenSculptures.ie

Now in its third year The Garden of Sculptures once again was a huge success, showcasing 50 spectacular artworks all created here in Ireland.

This years "Sculpture In The Parkland " garden took its inspiration from the historic ordnance survey map of Carton House. The woodland planting demonstrated how exciting a shady garden can be.

A sculpture adds a whole new dimension and focal point to the garden that can be enjoyed all year round. Smaller pieces were also on show and suitable for both indoors & outdoors.

This concept garden at Bloom brought garden sculptures to the masses and created an avenue for people to buy directly or order their own bespoke piece from www.garden-sculptures.ie

In 2015 we have collaborated with the Kildare Gallery at Carton House Maynooth & opened a permanent gallery space.
